

Stories by Gus on the Go

App Release Fact Sheet

Release date: February 2, 2016

Platform: iOS

Cost: FREE with In-app Purchases

About the app: *Stories by Gus on the Go* is the sequel to the critically acclaimed *Gus on the Go* app which teaches children basic Spanish vocabulary words. In *Stories by Gus on the Go*, children can continue learning Spanish by traveling through a number of classic fairy tales such as *Goldilocks and the Three Bears* and the *Three Little Pigs* with associated mini games. Through these stories and games, children learn new vocabulary and grammar skills to help them transition from a word-by-word understanding of a language to comprehension of short sentences.

The Gus on the Go series was developed to nourish the love of language in children. *Stories by Gus on the Go* aims to further that interest and inspire children to become future global citizens.

Developed By: toojuice

About toojuice

Co-founders Yono and Alice worked with language educators and native speakers to create the Gus on the Go language app series. Toojuice is committed to providing entertainment that merges fun with quality learning experiences.

Features of *Stories by Gus on the Go*:

- Short lessons based on the characters from classic stories
- Entertaining stories with dialogue to support the text
- Interactive text that will read individual words aloud or highlight an object on the screen
- Fun games to help reinforce key vocabulary and keep learning lighthearted
- Individual passports (user accounts) to keep track of progress
